ATTACHMENT B

General OP Orientation

- I. EOD Processing
- II. General Agency Orientation
- III. OP Orientation
  - A. Briefing by each OP Deputy Director (P&C, R&P and SP). Hopefully, all three briefings could be accomplished in one day. Naturally, scheduling of trainee EOD's would be timed so that an optimal number would be brought in simultaneously. Each OP Deputy would be responsible for preparing an overview of the responsibilities and functions of his unit.
  - B. Orientations within each OP Directorate. Each tour would last from three to five days. The intent is not to provide an in-depth familiarity with what each component does, but merely to instill an awareness of the units existence, to register its name and function with the trainee and to provide a list of contacts and their duties. This is intended to be "this is where you come for help" training.
- IV. Intelligence in World Affairs (approximately one month after EOD).
